

Flanger Bell 12"

SKU:
CY0004008112

Weight: very heavy
Volume: soft to very loud
Stick Sound: pingy
Intensity: lively
Sustain: very long
Bell Character: full, dry, separated

Sound Character:

Bright, cool, full, loud. Narrow range, complex mix. Heavy, very responsive feel. Absolutely shattering, metallic, explosive attack followed by droning, full, long shimmering fade. Overall sound is characterized by strong modulating, whirling harmonics. Loud, lively, exotic cymbal with wide and definitely unusual application possibilities. Also great played with mallets.
